

# Alphabet Affirmations

Please feel free to print out the Alphabet Affirmations sheets for your classroom. Have your students complete them with their own positive words and drawings. If you'd like, you can then send me a photocopy of their completed sheets. I'd love to showcase their creativity on my website so others can be inspired by their beautiful affirmations (no names will be shared, only the artwork).

Thank you for helping spread positivity and self-belief in the classroom!
